

## NOW HOW MANY CAN YOU NAME?

Here is the Composite Illustration For Memory Test

How many of the people whose portraits appear in this composite illustration can you name?

The Calumet News offers reserved seats for Lyman H. Howe's Travel Festival at the Calumet theater next Saturday and Sunday, two to each of the twelve people sending in the lists nearest correct to The News office before Thursday evening, addressed to the Memory Test Editor.

Note that each portrait in the group is numbered.

All you need do is simply to put down numbers from 1 to 33 on ONE SIDE of a sheet of paper. Then write opposite each number the name of the person you recognize, thus:

1—Enrico Caruso.

2—John D. Rockefeller, etc.

Then be sure to have your list reach The News office before Thursday evening.

Write plainly and give your name and address on your list.

The News will publish the list of winners in its issue on Friday.

The Mighty Ones of the Earth—many that are great and several that are "near-great"—are shown assembled in one group in this illustration, which, in many respects, is the most remarkable picture of the kind that has been photographed.

Kings of Empire and Kings of Finance, Presidents of Republics and popular Queens of Continental Europe, World-famous Soldiers and Statesmen, equally notable inventors, musical and literary geniuses, are included in this interesting photograph.

Practically every portrait in this group of 33 has appeared so often in the newspapers and magazines of the past few years that every well-informed person should recognize nearly all of them. In fact this notable company is so representative of the most prominent people in the world today that your general knowledge of world affairs may be measured by the number of names you can give correctly in the above group. Each individual included is distinguished, either because of the importance of his or her powerful position, weighty influence, or notable activities at this moment or in the immediate past.

### RECORD IN HORSE SHOEING

What is believed to have been a record in horse-shoeing in this state, was made Saturday in the blacksmith shop of James MacHardy. Six men, in a working day of ten hours from 7 a. m. to 6 p. m., with a stop of one hour for dinner, shod horses with 546 shoes. Mr. MacHardy is naturally proud of his men and their achievement. It is believed to be a record, and he would like to hear from any other blacksmith establishment in the state as to whether it has been equalled or beaten.

### PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never any sickness or pain after taking them. Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

The Olive Tablet Company, Columbus, O. (Advertisement.)

### UPPER PENINSULA

#### Ends Life While Despondent—

Manistique was shocked when it learned that John Larsen, a well-known builder and contractor, had committed suicide at his home on Maple avenue by firing two bullets into his body with a revolver. He had been drinking and it is thought he committed the deed in a fit of despondency. No inquest was deemed necessary. Larsen was born in Frederikshald, Norway, sixty-five years ago. He followed the sea and had for years been sailing as captain on his own vessel. In 1882 he immigrated to this country. He stayed at Black River one year and went to Manistique in July, 1883, remaining there ever since. He was, at one time one of the leading contractors in the city and well-to-do. He is survived by his wife, Mrs. Nora Larsen, and one daughter, Mrs. A. K. Frandsen, of Hastings, Mich.

#### Golden Wedding is Celebrated—

Captain and Mrs. Joseph Taylor, two of the oldest citizens of the Soo, are celebrating their golden wedding anniversary. Mr. Taylor has been a resident of the Soo for fifty-two years and has sailed on the lakes constantly by during that time. Mrs. Taylor has lived in the Soo nearly all her life. Although blind for the past six years she retains her mental faculties. Mrs. Taylor will soon be seventy years of age and her husband will be seventy-four on his next birthday. They were married in the Soo by Rev. Father McLaughlin.

#### END FUNERAL FLOWERS.

Rev. Dr. Mark A. Matthews of New York, moderator of the Presbyterian general assembly, has begun a campaign which aims at the discontinuance of the custom of sending flowers to funerals. In an address he said: "Take the roses and put them, not on a coffin but in the lapel of the coat of the laboring man on his way to work. Send the lilies into the workshop, into the sweatshop, there to brighten lives."

### THIRD DEGREE MODERN.

Undercurrent Suggests Blackmail Methods of N. York Police.

When Charles Klein wrote "The Third Degree," which will be presented at the Calumet theater on Wednesday evening, he proved himself a better prophet than he himself knew. For by reason of the recent police scandal which has arisen in New York and stirred the entire country, Mr. Klein's great drama appears in an entirely new light. Throughout the entire section, there is an undercurrent of suggestion of blackmail methods used by the police of New York City. When the piece was produced, it is doubtful if this attracted much attention. It was probably accepted as necessary only to the development of the plot and taken as the vagaries of a playwright.

Since the revelations of District Attorney Whitman, however, they present a much different appearance. The idea which Mr. Klein is thus attempting to impress upon his audience reaches its climax in the third act when Richard Brewster, attorney for Howard Jeffries, Jr., accused of murder and forced into making a confession through the use of "third degree" methods, tells Capt. Clinton, the police officer who obtained the confession, "yes, and the papers will be interested in knowing that you have become a millionaire on a salary of \$3,000 a year."

This prophecy of the case of Lieut. Charles Becker is so startling that it is with difficulty that one remembers that Mr. Klein wrote his play before the New York tragedy.

The company which the United Play company has selected for the interpretation of "The Third Degree" is considerably above the average. Miss Adele Hughes, who takes the part of Annie, has a voice that is peculiarly adapted for the part she interprets, and her many mannerisms lend reality to the character. Miss Hayes is ably assisted by Theodore Hardy, in the role of Richard Brewster. (Advertisement.)

Jim Cruise appreciates the meaning of public duty. Vote for him. (Advertisement.)

### ADDITIONAL HOUGHTON

#### SPECIAL ELECTION RETURNS.

Several Places in Houghton and Hancock Are To Handle Results.

Electoral returns from the entire country will be received in Houghton and Hancock at a number of places. The Hancock city hall will have special service Tuesday night and will undoubtedly attract a large number of people. The Elks Club will have the returns, these being the two principal places in Hancock where they may be received.

In Houghton the returns will be received at the Douglass house by means of a special wire. A smoker will be held at the Michigan College of Mines and returns will be received there. The Houghton club has also made arrangements to handle the election results and the special wires of Gay and Sturges will enable that office to secure unusually complete returns from the east at an early hour. The public is generally invited to avail themselves of this means of learning the results and those who are unable to call are invited to secure the service over the telephone.

#### SUPERINTENDENT IS ANGRY.

Greatly Incensed at Parties Who Broke Springhouse Lock.

Superintendent Gibson is greatly provoked at the discovery that he made recently that the lock on the spring house at the Houghton spring which supplies Houghton with its drinking water had been shot open and that some one had thrown sticks, stones and other debris into the water. Mr. Gibson is doing some active detective work in an effort to apprehend the violators and if they are caught he intends to see that they furnish an example of what not to do to other persons who are inclined towards vandalism of this nature.

#### COURT OPENING POSTPONED.

Circuit court did not convene this morning as was expected. Judge O'Brien adjourning the opening session

until this afternoon in order to attend a funeral.

All three parties have closed their campaigns in the county and are resting on their oars waiting for election day tomorrow. No special effort will be made tomorrow to get the vote out, beyond urging every voter to attend the polls.

#### ONE FISHERMAN'S IDEA.

First Angler—Look, this fish was almost caught before; see the broken hook in its mouth.

Second Angler—It should have had sense enough to steer clear of hooks after that.

First Angler—Oh, come, you can't expect a fish to exhibit more sense than a human being. (Boston Evening Transcript.)
